PROFESSIONAL SUMMARY

B.Sc. Artificial Intelligence and Machine Learning student with a strong foundation in Python, SQL, Power BI, Java, HTML, CSS, DBMS, and data analytics. Completed a Data Analytics internship involving project-based technical work and an 8-week Full Stack Web Development with AI training with an 83% final assessment score. Interested in data analysis, data visualization, artificial intelligence, machine learning, and solving real-world problems using data.

EDUCATION

B.Sc. Artificial Intelligence and Machine Learning — RVS College of Arts and Science - 2024–2027 - 91%

HSC — NRK School - 2024 - 69%

SSLC — NRK School - 2022 - 65%

INTERNSHIP EXPERIENCE

Data Analytics Intern — Thiranex Education | Remote / Project-Based | Aug 2026 – Sep 2026

- Completed a project-based internship in the Data Analytics / Data Science domain.
- Worked on milestone-driven technical projects involving analytical problem-solving and practical project execution.
- Applied software development and problem-solving skills to assigned technical deliverables.
- Completed project deliverables within scheduled deadlines and adapted to feedback and development workflows.

PROJECTS

AI-Based Smart Farming System

- Developed an AI-based project focused on applying artificial intelligence concepts to smart farming.
- Explored technology-based approaches for agricultural applications and problem solving.

Python Form with JSON File

- Developed a Python-based form for collecting and handling user information.
- Implemented JSON file storage for managing collected data.

New Tech Build App

- Worked on an application-based project involving new technology concepts.
- Applied software development and problem-solving skills during project development.

TRAINING & CERTIFICATIONS

Full Stack Web Development with AI — Internshala | 8-week online training | 83% final assessment | Sept 2026

Modules: AI-powered web development, HTML, CSS, Bootstrap, DBMS, PHP, JavaScript, DOM, React, AI tools, and final project development.

Certifications: Graphic Design | Ethical Hacking | Web Designing

TECHNICAL SKILLS

- Data Analytics: Data Analysis, SQL, Power BI, DBMS
- Programming: Python, Java
- Web: HTML, CSS, JavaScript, React
- Data & Development: JSON, Web Development, AI-Powered Web Development
- Design: Photoshop, Illustrator, CorelDRAW

ACHIEVEMENTS

- Photography Competition
- Paper Presentation
- Math Modelling
- Java Premier League
